### Testimonials received during the years of designing homes:

Mike McGregor in Spartanburg, SC:

*"When I moved in my house, there were no surprises. You showed me everything in advance on your computer in 3D and rendered views."*

Barry Bloch in Boynton Beach, FL wrote in a hand written thank-you note:

Harvey and Sally Harris, Lake Lure:

*"Wolfgang's assistance greatly helped us to refine the structure of our boathouse and its design. His engineering background proved to be especially insightful when discussing the roof configuration, and deck.*

*Thanks to Wolfgang's diligence and skill, our long awaited boathouse is, now, a reality!"*

Nancy and Dick Rummell:

*"When we decided to build our home in Lake Lure, we were still living and working in Ft. Myers, FL. Working with Dave Mathews and Wolfgang made the process almost painless. We flew in for several quick weekends to work on the design. Wolfgang was so professional, and very patient with us when we decided to change or re-arrange the design. He was always helpful with suggestions and sending e-mail 3-D designs. Wolfgang made the whole experience a pleasant one and we have a beautiful home with many thanks to him".*

Ed and Lucy Dyckman, MT. Pleasant, SC in a hand written note:

*"Lucy and I enjoyed working with you and using the 3D Home Design software."*

Bill and Charlene Burges, Cleveland, OH:

*"I just wanted to tell you thanks again, and to say that how well we think the house is coming along. Working with you and your design is a very good experience, one made even better with John Bittle's (construction) involvement. I have been thinking of you lately and just wanted to check-in."*

Later...

*"We are thrilled with the way the house is evolving and will never forget it began with you and your infinite patience."*

Barbara Freeman, Rutherfordton, NC:

*"Thank you so much for the prompt response. We loved the final drawings and look forward to getting this project started. You have been amazing, the work fantastic, and Joe and I appreciate all you have done for us. We will keep you posted."*

Kitty and Larry Rudel, Winston-Salem, NC:

This was received in a hand written note: *"We love our Lake Lure home that you designed for us eight years ago. The design stood the test of time and it continues to serve our family and friends with great efficiency. It is an attractive place to be. Thanks so much for sharing your skills."*

Rex and Kim Gundle, Panama City, Panama:

*"It has been our pleasure to work with Wolfgang through the design process of our soon to be constructed Lake Lure home. His professional and common sense approach to architectural design made the process painless. We very much look forward to moving to the Lake Lure community and our new home in 2009."*
